CONSENT TO DATA TRANSFER (Status 08/2017_V1)

In the course of its medical provision Lab4more and its associated companies work with external providers. For this reason it may be necessary to forward the required data to the external provider or laboratory for the sole purpose of medical care. After the necessary tests have been performed this data will be deleted or destroyed in compliance with the Federal Data Protection Act.

With this declaration you allow MVZ Labor Bavariahaus and its operating company Lab4more to forward your information (Name, Christian Name, date of birth, Address, Request Number) and associated samples to external laboratories for the purpose of performing laboratory tests. The contracted laboratory is primarily the Medizinische Laboratorien Düsseldorf, Nordstrasse 44, 40477 Düsseldorf. In rare cases samples may be sent to other reference laboratories for analysis. The most frequently used laboratories are Labor München Zentrum, Bayerstrasse 53, 80335 München; Praxis Prof. Dr. med. Michael Kramer, Mönchhofstr. 52, 69120 Heidelberg.

The tests performed are invoiced directly from the relevant service provider. The dgpar GmbH, Bernauer Strasse 21, 83209 Prien am Chiemsee is the contracted accounting center for the above listed laboratories, and therefore requires the transfer of invoice specific data (Christian Name, Surname, Date of Birth, Address, diagnosis and invoicing codes), and where necessary "special types of personal data" as stipulated in Article 3, paragraph 9 of the Federal Data Protection Act.

Existing charges from your treatment can be transferred to the designated MVZ Labor Bavariahaus collection agency (Inkassum GmbH, Bernauer Str. 21, 83209 Prien am Chiemsee). Once the amount receivable has been transferred the debt becomes the property of the Inkassum GmbH and they may claim it from you if necessary by legal means. Objections to the invoices as long as they relate to treatment and the medical history should be directed to the Inkassum GmbH. Based on this information you declare your agreement to the transfer, processing, transmission and use of personal data and information (name, address, date of Birth, accounting information, invoice amounts, treatment documentation, laboratory invoices and results etc.) to Inkassum GmbH. You also consent to the transfer of the claim and the above mentioned information from the MVZ Labor Bavariahaus to the Inkassum GmbH.

You also release your treating practitioner/Doctor from their obligation to medical confidentiality for the purposes described above. You agree to the Inkassum GmbH receiving information regarding clinical findings and tests performed. You have also been informed that you may withdraw this consent to relinquishment of medical confidentiality at any time in the future.

With your signature you agree to the transmission of your data for the above mentioned purposes. You have been informed that you may withdraw this consent to relinquishment of medical confidentiality at any time in the future without reason.
