PATIENT CONSENT

I have read, understood and accept the declaration on page 2 (Status 06/2021_VE)

I hereby give my consent to the requested tests, as well as the creation of a special report **without medical interpretation** from Lab4more GmbH for the laboratory results (at no additional cost). The invoicing for these tests is based on the German pricing regulations for doctors (GOÄ) plus a material and postal charge according to §10 of the GOÄ.

I have been informed that my insurance provider may not cover the cost of all the tests requested and that I am liable for the payment of the entire cost of such tests and I understand that payments should be made within 14 days of receipt of the invoice (Preferably via PayPal).

SHIPMENT INSTRUCTIONS

Please send samples to **Lab4more, Probeneingang, Augustenstrasse 10, 80333 München, Germany.**

Blood samples **must arrive** in the laboratory within 24 hours. Please be aware that Lab4more cannot take responsibility for samples that arrive after 15:00 on Fridays or before German public holidays. In this case the sample will be void and a new sample will need to be obtained at the cost of the patient/practitioner (including courier costs). Samples can be posted Mondays-Wednesdays and Thursdays before 12:00.

CONSENT TO DATA TRANSFER (Status 06/2021_VE)

I have been informed and agree that the MVZ Labor Bavariahaus and its operating company Lab4more may collect, process and use personal data, in particular name, address, date of birth, treatment data, invoice amounts, cost units, diagnoses and findings from the treatment in compliance with the EU Basic Data Protection Regulation, the Federal Data Protection Act, § 203 of the German Criminal Code and § 73 Para. 1b of the German Social Code for the purpose of fulfilling the contract.

For the examination of special analyses, the MVZ Labor Bavariahaus and its operating company Lab4more transmit my patient data (first and last name, date of birth, address, order number) and medical samples to affiliated and external laboratories. Externally mainly the laboratory Dr. Spranger, Lindberghstr. 9-13, 85051 Ingolstadt is commissioned. In rare cases, laboratory services are sent to other special laboratories for analysis. Frequently used special laboratories are: Laboratory Munich Centre, Bayerstr. 53, 80335 Munich; Practice Prof. Dr. med. Michael Kramer, Mönchhofstr. 52, 69120 Heidelberg.

Billing for the laboratory tests carried out is done via the respective above-mentioned service provider. For the aforementioned laboratories, dgpar GmbH, Mainzer Straße 97, 65189 Wiesbaden, is the commissioned billing office, which receives the treatment data essential for billing (first name, surname, date of birth, address, diagnosis, service numbers for the examinations), also insofar as these are "special types of personal data" as defined in Art. 9 Para. 1 of the EU General Data Protection Regulation. In addition, existing fee claims arising from my medical treatment may be passed on to the collection company Eurincasso GmbH, Mainzer Straße 97, 65189 Wiesbaden (name, address, date of birth, service numbers, invoice amount, treatment documents, laboratory invoices and results, etc.). Should it be necessary to forward findings and examinations of this order to the debt collection company Eurincasso GmbH, I release my doctor/therapist from his medical confidentiality obligation in this respect. All employees of Eurincasso GmbH, but also of dgpar GmbH, are subject to the rules of data protection law and are bound to secrecy under threat of punishment according to § 203 StGB. I am aware that I can revoke this declaration of release from the duty of confidentiality at any time with effect for the future.

I have been informed that:

- the collection, processing and use of my data is voluntary and that I can refuse my consent or revoke it at any time with effect for the future with the consequence that the treatment contract is not concluded.
- in the event of a revocation, this must be sent in writing to MVZ Labor Bavariahaus, c/o Lab4more GmbH, Augustenstraße 10, 80333 Munich or by e-mail to geschaeftsfuehrung@lab4more.de.
- I am entitled to request information about my stored personal data at any time.
- I am entitled to request the correction, deletion or blocking of individual data at any time.

I have viewed the information on data protection in accordance with Art. 13 DSGVO on the website www.lab4more.de/datenschutz or I have received a printed copy on request at info@lab4more.de. With my signature on the laboratory order, I agree exclusively to the collection, processing and forwarding of my data for the above-mentioned purposes.
